SWINGS & SLIDES

Everyone, from toddlers to adult soccer leagues, enjoys the more than 1,000 community parks and recreation areas created by the Lottery. We also educate more than 500,000 children annually about wildlife, ensuring a future of respectful, responsible coloradans.

ROLLS & FLIPS

Some of the most popular parks around our state are skate parks, bike parks, and BMX parks. Everyone from beginners to world-class athletes can be seen flying over jumps that were built using profits from the Colorado Lottery.

OOHS & AAHS

Colorado is abundant with natural beauty, and we want to keep it that way. So far, proceeds from the Colorado Lottery have protected 1,000,000+ acres of open space, and enhanced 42 state parks that attract more than 12 million annual visitors.

HIKES & BIKES

Colorado is known for being home to some of the most breathtaking scenery in the country, and thanks to Lottery dollars, it is also some of the most accessible. More than 764 miles of hiking and biking trails have been built or restored.
