

Helpful Tip!

Cash 5 REGULAR NUMBERS

You still get **Cash 5 Regular Numbers** that are for the evening drawing.

If your **EZ Match numbers** didn't match any **Regular Numbers**, hold on to your ticket for the evening draw! You still have a chance at winning on the regular numbers!

If your **EZ Match DID** match the **Regular Numbers** you can:

- A. Turn in your ticket prior to the evening draw and receive an exchange ticket back from the clerk for the evening draw for your regular numbers OR;
- B. Hold on to your ticket until the evening draw and turn in your ticket for all of its winnings on both Cash 5 EZ Match and the Regular Numbers after the drawing!

EZ Match Numbers

Considered an *Instant Win* game associated with Cash 5. If any of your **EZ Match Numbers** MATCH any of the **Regular Numbers** on your ticket, win the prize associated with the EZ Match Number!

In this example the **EZ Match** has a "24" that matches the "24" in the **Regular Numbers** – therefore you have won \$2

Since EZ Match is instant, you can turn in your winnings for that portion of the game BEFORE the evening drawing if you'd like. If you choose to turn in your winnings for EZ Match prior to the evening drawing, the clerk will give you back an EXCHANGE TICKET for the regular numbers for that evening!

REMINDER:

You still have your regular numbers for the evening drawing!
